Intermediate RootsMagic (PC software)

Date: 8 February 2020

Day: Saturday

Time: 1:00 p.m. to 3:00 p.m.

Instructor: Ted Steele

Session: 1

Class Info.: This class is for genealogists who already own and are familiar with the basic operations of RootsMagic and/or have taken the beginning RootsMagic class. Learn to correct errors, unlink people, merge people or places, search by fact type, and create reports.

Foundations of Genealogy, Part I

Date: 15 February 2020

Day: Saturday

Time: 1:00 p.m. to 3:00 p.m.

Instructor: Ilene Murray

Session: 1

Class Info.: Whether you are just beginning or you have been working on your family history for years, sometimes you need to rethink your strategies. We'll look at some ways to get organized and stay that way, review basic rules of genealogy and the importance of citing sources, and see how timelines can help guide your research.

Foundations of Genealogy, Part II

Date: 22 February 2020

Day: Saturday

Time: 1:00 p.m. to 3:00 p.m.

Instructor: Ilene Murray

Session: 1

Class Info.: (This class is a follow-up to the first session, and, if possible, you are encouraged to sign up for both.) Most genealogists begin with census research, but then what? We'll look more closely at how to analyze those census records, how to get the most from vital records, and repositories and Internet sites that can help you find what you need to do better research.

Legacy Family Tree 101 (PC software)

Date: 21 March 2020

Day: Saturday

Time: 1:00 p.m. to 3:00 p.m.

Instructor: Cathy Amen
