COMMENCEMENT EXERCISES

The Commencement Concert

The Commencement Exercises at Yeatman really consist of three parts, the Commencement Concert on May 8th, the Class Play on May 22nd and 23rd and the Graduating Exercises on the the 12th of June.

I wore my white museline dress the the Commencement Concert. I was most interested

in Marguerite Grace and Louise Jackson. Marguerite played a very difficult violin solo and she played it well. Louise played two numbers and later she sang. It was her debut as a prima donna and she sang very sweetly and looked even prettier than usual. Mother and Father had front seats and I could see them while I was playing with the Orchestra. The members of the Orchestra wore white dresses.
